STAFF REPORT

FROM: RANDY MURPHY, GENERAL MANAGER

RE: RESOLUTION TO SUPPORT PROPOSITION 68

SUMMARY

Staff is bringing forward a request from the California Park & Recreation Society to support Proposition 68, an effort to authorize \$4 billion in general obligation bonds for state and local parks, environmental protection projects, water infrastructure projects, and flood protection projects.

BACKGROUND

Proposition 68 is a general obligation bond that invests \$4 billion in the coming years to tackle some of California's most important water, park, and natural resource needs. The state legislature passed the California Clean Water & Parks Act (SB5) with bipartisan support, and it will appear on the June 5th statewide ballot.

BUDGETARY IMPACT

The measure would require that between 15 and 20 percent of the bond's funds, depending on the type of project, be dedicated to projects in communities with median household incomes less than 60 percent of the statewide average. Since that 60 percent threshold amounted to about \$39,980 in 2016, and Oroville's median household income was \$35,457 that year, we could see an increase of available revenues generated by this bond issue. The measure would also reallocate \$100 million in unissued bonds that voters approved via Proposition 1 (2014), Proposition 84 (2006), and Proposition 40 (2002).

RECOMMENDATION

Approve the Resolution and authorize the Chair to sign.

RE: RIVERBEND MASTER PLAN UPDATE

SUMMARY

Melton Design Group will provide an update to the Riverbend Master Plan project. Staff also seeks direction on optional items that are to be included in the Park Restoration project.

BACKGROUND

Melton Design Group (MDG) has been retained to update the Riverbend Master Plan. They have also been retained to manage the Restoration Project. To the extent that these items overlap, staff requests the Board to provide direction on the priority assigned to each of the potential options that could be included in the current restoration effort, as well as other improvements to include in the Master Plan Update. Some suggestions have been previously discussed and are included as Attachment 1 to this report.

MDG has also requested that the General Manager have the ability to sign change orders in order to facilitate the project timeline and keep it on task. As previously discussed, the general rule of thumb in construction projects is up to 10%. Thus, staff has included a Resolution for your consideration and approval (Attachment 2).

BUDGETARY IMPACT

The Restoration Project is funded primarily with insurance proceeds. FEMA should also provide some funding, mostly by way of restitution of staff time and other resources expended during the immediate aftermath of the spillway incident as well as of losses incurred and not reimbursed by insurance (e.g. – the \$250,000 deductible).

RECOMMENDATION

1. Listen to the MDG presentation; and
2. Provide direction to MDG regarding Board priorities for both the Master Plan as well as the optional items to be included in the Restoration Project; and

Appendix 1a

3. Approve Resolution No. 1382-18 authorizing the General Manager to sign change orders during the construction of Phase I at Riverbend Park up to a cumulative amount not-to-exceed 10% of the awarded contract price and only under conditions specified therein.
