RE: GREATER OROVILLE PARTNERSHIP OF PASTORS FEE WAIVER REQUEST FOR PICNIC EVENT AT

RIVERBEND PARK

SUMMARY

The Greater Oroville Partnership of Pastors and Ministerial Leaders is hosting an "all church" gathering on Sunday, September 19th at Riverbend Park. The group will follow guidelines to limit the spread of COVID as advised by local and state health officials. The current rental fee for public events at Riverbend Park is \$1,500 and includes staff time, the amphitheater, two pavilions, and surrounding grass areas. This multi-church gathering is a free community event to promote fellowship.

Per District policy, fee waivers may be granted to 501C3 non-profit organizations, schools, service clubs or other public agencies. The General Manager may approve fee waivers from 10%-50% of the rental fee.

RECOMMENDATION

Review and discuss fee waiver request.

Option 1: Waive a portion or all fees for upcoming event.

Option 2: Do not grant fee waiver request.

RE: FRRPD TEMPLATE FOR PROFESSIONAL SERVICES AGREEMENT

SUMMARY

The District does not currently have a Contract or "Agreement" template to use when hiring consultants for professional services. These services in the past of been provided under the contract language provided by the consultant, which is usually written with the best interest of the consultant in mind, not the District. The City of Chico has been kind enough to let us use their current template. FRRPD attorney Jeff Carter has also reviewed and approved this draft.

RECOMMENDATION

Highly recommend approving this Draft Agreement for use in future Professional Service contracts and agreements.

Monitored alarm systems communicate with Central Station via wired (landline, Internet) and/or wireless (radio/cell) communication technologies. For systems using wired communication technologies, we highly recommend installing a secondary communication path *or* replacing it with a wireless technology. Maintaining continuous communication is important for any system that protects life and property by means of police, fire, or medical panic alarms. Communication failures keep your alarms from reaching our monitoring station. A back-up or wireless communication path offers additional protection against these types of failures.

Alarm Permits and False Alarms

Many communities struggle with the cost of providing emergency services for security systems which send false alarms. A false alarm is a signal which is reported to authorities as requiring an emergency response when in actuality the alarm was caused by user error, system malfunction, or other factors which determine there was no actual emergency.

In an effort to meet the costs necessary to provide these services, some municipalities now require owners of alarm systems to pay a permit fee to aid in operations costs. Every community is different and it is best to check with your local government to determine whether a permit is required for an alarm system in your area.

If you have any question about whether your city or county requires an alarm permit or want to know how to apply for a permit, *please contact your sales consultant for details*.

Top 3 tips to reduce false alarms:

- 1) If you accidentally set off your alarm, please call us right away with your passcode ready.
- 2) Make sure that all alarm users and key holders to your building or home are trained to use the system, know the codes to arm and disarm, and know how to cancel a false alarm.
- 3) Do not call 911 to cancel a false alarm; please call us directly.

I understand that my municipality may require me to register my alarm system and that I may incur fines and fees for failing to do so.

RE: FRRPD FINAL BUDGET

STAFF PRESENTATION BUDGET FISCAL YEAR 2021-22

SUMMARY

Annually the Feather River Recreation and Park District hosts a budget workshop for the upcoming fiscal year. The budget presented is per board direction at budget workshop.

Comparing proposed budget 2021-22 to the actual operating income statement 2020-21 is difficult due to Covid-19 pandemic. Since March 2020 the District has not had more than 30 employees on payroll and very limited programming until May 2021. The preschool is currently running 50% occupancy. Gymnastics was running team practice only until May 2021. All other programming has been closed or limited. Reservations were not available during Covid restrictions. Reservations started on March 15th, with restrictions and limited to full day reservations only.

The budget presented for the 2021-20 is completed with full programming and lessened Covid restrictions. Additional programming will be created, focusing toward utilizing parks and outdoor spaces: examples tennis, basketball, volleyball, soccer, track, all of which utilizes District owned facilities and parks for both youth and adults programming.

<u>PURCHASES/CHANGES TO THE 2020-21 BUDGET: STAFF RECEIVED BOARD</u> CENUSUS TO MOVE FORWARD AS PRESENTED AT WORKSHOP

To continue with the budget process both accurately and efficiently, staff RECEIVED Board consensus on a few items presented below.

- 1. Add a full time Preschool Teacher position to Org Chart
- 2. Board agreement of 3% increase pay-scale and changes to step 1
- 3. Increase health benefit employer contribution to \$850 month per employee
- 4. Support Tax Revenue BAD max up to 3% increase,

BUDGET OVERVIEW & BUDGET BY DEPARTMENTS

SUMMARY: CHANGES TO REVENUE

- 4100 Tax Revenue: General Tax revenue is based on property values in the
 District's boundaries. Staff is anticipating a negative impact to annual tax revenue
 for the 2021-22 f/year due to the loss of homes during the North Complex
 Wildfire during the summer of 2020, therefore has not accounted for the increase
 to property values in the area.
- 4150 BAD Tax Revenue: Staff is requesting both Board and BAD committee to accept annual max increase. Estimated 3% increase is approximately \$9k annual increase spent only in the parks on maintenance. The District heavily relies on this assessment- spending the tax revenue appropriately- and it is imperative this assessment not only stays in place but the increase is approved.

Current BAD rate per household: Zone A \$15.34/Zone B \$7.66 Total Annual Assessment \$297,827

2021-22 CPI max increase max: Zone A \$15.80/Zone B \$7.90 Total Annual Assessment \$306,758

4300 Program Revenue: Programming is budgeted lower than the District can
and should be generating to maintain an Activity Center of this size. Due to both
Covid restrictions and facing a general difficulty hiring employees, the budgeted
program revenue has been reduced to reflect these challenges.

*** Board consensus received: BAD estimated max increase in budget

PAYROLL

Changes to Payroll: see Pay scale Part-time and Full-time for rate changes and added job descriptions noted below

- Minimum wage increase to \$15 hourly staff/\$30 hour salary staff effective January 1st 2022
- Pay-scale reflects 3% pay increase for full time staff (if earning more than step 1) and .25 cent increase for part time staff (if earning more than step 1)
- Add Full-time position: Full time Preschool Teacher impact: \$47k increase to District
- Increase health benefit Employer Contribution from \$800 to \$850, see detailed comments below: Maximum financial impact \$9k additional benefit expense
- CalPERS employer rates for 2021-22: Classic 10.34% and PEPRA 7.759% decrease .14%
- CalPERS unfunded liability annual payment \$69k, increase \$12k

Full time position budget changes due to both Covid and District restructure, continuing in the 2021-22 fiscal year

Maintenance: eliminated 1 full time position

Admin: Front Desk: 4 part time front desk positions changed to 1 full time and 1 part

time positions

Recreation: General Recreation: eliminated 1 full time Rec Coordinator position.

Gymnastics: Gym Supervisor changed to Rec Coordinator

Preschool: Request adding 1 Full time Teacher Position (see below)

Open/Add FULL-TIME POSITIONS

Request: Add one FT Preschool Teacher. Hiring staff has been challenging District wide, especially in the Preschool. The Director has requested a full time position, with the intention of having enough coverage to accept new children and grow enrollment as Covid restrictions lessen. This will be a CalPERS position and be entitled to District health benefit package.

HEALTH INSURANCE RATES

Based on 15 Full-time staff (adding both FT Teacher and FT Front Desk)

Current annual cost to the District, if max allowance is used by all staff: \$144k

Increase monthly contribution if max allowance is used by all staff: \$153k Maximum increased financial impact to the District in 2021-22 \$9k

^{**} Board consensus received: Pay-scales acceptable

- ** Board action passed at May21 Board Meeting: Adding FT Teacher position
- ** Board consensus received: Increase employer contribution benefit \$850/mo. per full time employee

CIP/FIXED ASSET BUDGET

General Manager will present list of capital improvement projects and deferred maintenance items requiring immediate attention. The Board and GM will prioritize the projects and provide funding options.

RESERVES

Ideally the District would build a General Reserve large enough to cover three months of projected operating costs. District policy recommends committing 1% of Program Revenue annually to reserves. Current reserve total is \$303k at the county treasury. Staff recommendation:

- Add \$30k to Elections. 2020-21 budget transferred \$30k Reserves to Gen Fund for election cost. November 2020 election unchallenged and \$30k not spent.
 Transfer back to election reserves to be applied toward 2022 election
- Add \$5k to General (per board policy, 1% Program revenue)
- Add \$10k Equipment Reserve, not spent 2020-21 transfer to Gen Fund for ATV purchase

	303,494	45,000	348,494

^{**} Board consensus received: Approve above reserve balance starting 2021-22 f/year

ORGANIZATIONAL STRUCTURE

Annually the District adopts an Organizational Structure chart that is in compliance with current job descriptions. 2021-22 has had several changes to the Org Chart adding two full time hourly positions and changing one full time position from salary to hourly position.

PARK AND FACILITY GOALS/ANNUAL STRATEGIC PLAN:

The General Manager will discuss with the Board and schedule the Annual Goals Workshop to create goals and strategic plan.

the mechanism by
which local control
remains local. Special
districts, and by
extension special
district boards, are
the voices of the
community.

The truth is that every elected or appointed public official needs to be guided by knowledge of governance; governance is what boards do. It's what they bring to the table.

IS THERE A "RIGHT" AMOUNT OF PUBLIC ENGAGEMENT?

Davenport Institute, Pepperdine School of Public Policy

Sometimes districts can end up in a bit of a Goldilocks situation when it comes to engaging the public. Too little engagement leaves residents confused or suspicious. Too much engagement leads to burnout and frustration when it becomes one more demand

on busy schedules. This workshop draws on peer learning as well as the Davenport Institute's experience working with all shapes and sizes of local agencies (from big cities to tiny districts). Together, participants will develop a framework to help guide internal discussions about whether a particular issue requires reaching beyond the board meeting.

OUTSIDE OVERSIGHT: THE POWERS AND FUNCTIONS OF CIVIL GRAND JURIES AND LAFCOS

Gary B. Bell, Colantuono Highsmith & Whatley, PC

Both of these agencies issue reports and analyses of special district operations that shape public perception and sometimes lead to a change of organization. Taught by an attorney with extensive experience with LAFCos and civil grand jury proceedings, this session will provide participants with an understanding of the powers and functions of civil grand juries and LAFCos — including their limitations — to prepare special district leaders to effectively interact with these agencies including what must be done, what may be done, and how to do it.

Teams benefit from understanding, welcoming, and learning to work with a diversity of communication styles. First, we must each seek to understand and analyze our own communication style to best craft our communication with others. Secondly, to improve collaboration and build ideas and knowledge with others, we must also respect and gain insight into the communication styles of our colleagues and peers. This presentation will help you learn to recognize the various communication styles, leverage your own communication strengths, adjust your communication style when needed, and better understand team members with different communication styles from your own.

BOARD MEMBER DO'S AND DON'TS: COMPENSATION AND CONFLICTS OF INTEREST

Meyers Nave

The California Government Code, through principle or special acts, generally provides special districts with the authority to compensate board members. Conflicts-of-interest laws were created with the principle that personal or private financial considerations of government officials should not in any way affect the decision-making process. This session addresses the numerous complex and continually evolving California laws board members and special district executives (general managers, chief executive officers, executive directors) must adhere to, along with guidance to help foresee potential conflicts of interest that could arise in the day-

to-day activities. Understand and learn the limits on board member compensation, health care, expense reimbursements, and other potential perks that special district leadership may be offered, including limits and when gifts and meals must be reported to the California Fair Political Practices Commission.

FRAUD DETECTION & PREVENTION FOR SPECIAL DISTRICTS

David Becker, CPA, James Marta & Company LLP, Certified Public Accountants

Financial fraud is a reality for many special districts and districts need to develop not only good internal control procedures, but also a culture that says "NO" to fraud and irregularities. This session covers how to assess risk in your organization and develop policies and procedures that will mitigate risk and help prevent fraud. We will also provide resources to help you start exploring your organization through this lens and assessing risk.

RE: BUTTE COUNTY PUBLIC HEALTH (BCPH) CALFRESH GRANT FOR FITNESS STATIONS AT RIVERBEND

PARK

SUMMARY

Staff has met with the BCPH a few times over the last year to discuss grant funding opportunities for exercise equipment at Riverbend Park. The result could add 6 fitness stations allowing for 14-15 body weight/stretching exercises. For this grant, the County provides the equipment and FRRPD is responsible for installation. Staff is also meeting with the Rotary Club of Oroville to see if Rotary can fund installation costs or provide a contractor to help. The County grant requires an MOU that is time sensitive to meet an equipment purchase deadline. This MOU is the signed agreement between both parties for the receiving, installation, maintenance, liability, and future County education/promotion/evaluation collaboration of the equipment. Pending FRRPD Board approval of the MOU, it will then go to the County for final approval.

RECOMMENDATION

Give the General Manager direction to sign the Memorandum of Understanding for the Riverbend Park Fit Trail Project.

2. Equal Employment Opportunity. As provided under 41 CFR § 60-1.4(b)

Key Definitions

Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving

such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

<u>Construction Work.</u> The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

During the performance of this Contract, the Contractor agrees as follows:

- (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action will include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and will post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

- (6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Contractor further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Contractor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Contractor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the

Executive Order. In addition, the Contractor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant, and refer the case to the Department of Justice for appropriate legal proceedings.
