RE: SUPPORT FOR THE SUTTER BUTTE FLOOD CONTROL AGENCY (SBFCA) OROVILLE WILDLIFE  
AREA ROBINSON'S RIFFLE RESTORATION PROJECT

Dear Mr. Bessette:

By this communication, the Feather River Recreation and Park District indicates its support for the Oroville Wildlife Area (OWA) Robinson's Riffle Project. We have reviewed the proposed project and agree that implementation of this project would provide significant enhancements to flood control, floodplain management, ecosystem restoration, recreation, and public safety along the adjoining reaches of the Feather River.

The Feather River Recreation and Park District supports jointly produced and implemented multi-benefit projects such as this one because they provide greater efficiency in the use of scarce public funds and better overall results. The Robinson's Riffle project will build upon the success of SBFCA's recently completed OWA Flood Stage Reduction (D-Unit) Project in order to further enhance this critical reach of the Feather River.

The Feather River Recreation and Park District will participate within its resources in the planning and implementation of the project and will continue to engage in the collaborative efforts which have brought tremendous success thus far.

Finally, the Feather River Recreation and Park District appreciates the willingness of SBFCA to serve as the lead agency for this joint effort and we fully support the efforts of SBFCA as they seek external funding for this project.

Sincerely,

Shannon DeLong  
FRRPD Board Chair
